Fanshawe College confirms that the program standard for the Chemical Laboratory Technology - Science Laboratory Program (APS# 01312; MTCU Code 61302) will be fully implemented for all students entering the first semester of the program in 2018/09/01. Full implementation ensures that the curriculum provided allows graduates to meet or exceed the vocational standard and the essential employability skills standard. It also involves the provision of the requisite courses to comply with the general education requirement.

Yours sincerely,

College President
