### **VALIDATION DECISION**

We have completed our validation of your proposal for the modification to the title of your **Business - Purchasing** program to **Business – Logistics and Supply Chain Management**, which was submitted to us on **November 22, 2013**.

Please accept this as our validation of your proposal. After a review of the documentation submitted, and a review of the current usage of this terminology with existing programs in the system, it was determined that the proposed title would be validated. It is understood this modified title will become effective for the program with the students entering in **the fall of 2015**.

Please note the existing MTCU code (**52925**) will change for this program. As your program outcomes now map to the required outcomes for programs under **MTCU 58902**, this will be the new MTCU code for this program. However, the current APS Number (**FANS01106**) will not change for this program.

I have sent a copy of this validation decision to the Colleges Unit, MTCU for their information and records.

Sincerely,

*Tim Klassen  
December 12, 2013*
